We waited on the Lord and saw HIM do great things in and through GPA Mobilization Ministries in

2019. At times we felt like we would never get Mercy’s Vessel finished, but praise God HE does everything in HIS own timing and will. Mercy’s Vessel is sea-worthy and all systems are GO!

Mercy’s Vessel is setting sail to Puerto Cortes, Honduras, from Gulfport, Mississippi, our home port, with a full complement of crew —I cannot say enough how appreciative the people from Puerto Cortes were to have us there. We knew our work was not finished and promised them we would be back soon. We have an amazing local pastor we are working with, Pastor Luis Dole, and they are already doing ground work for the upcoming medical clinic. To make this trip successful: AGAIN I need YOUR help. Please pray— we need one doctor, two nurses and six VBS workers. If you have ever considered taking a mission trip **now is the time! The dates are April 23-May 1, 2020.** Dr. Brad Davis, Pastor of Antioch Baptist Church in Bristol, Virginia will be heading up the trip.

In order to make the dinner a success we need **TABLE SPONSORS**, these are individuals who will sponsor a table and have your business signage and promotion materials on the table, your business will be recognized in the program as a table sponsor, cost is \$250.00 per table. We also need **TABLE HOSTS**, these are individuals who agree to “fill up a table” by bringing eight guests to the dinner.

“Praying always with all prayer and supplication in the Spirit...”

Ephesians 6:18

On our very first medical mission to Panama, Dr. David Rooney was called to visit a dirt floor hut to see a woman lying on a bed of wide boards with no mattress, pillow or even a sheet. The family thought she was expecting a child and nearing her due date. That was not the case. Dr. Rooney sadly announced she was in the final stages of cancer to the abdomen, “she probably won’t last more than a week.” He then looked at me and said, “I guess all we can do is pray.” I prayed for her, that she would come to salvation and that God would do a miraculous work in her and her family. We returned to that same village a year later, and in the first evening service that woman and her entire family were in attendance at the church. After our first mission her stomach started to shrink, she was taken to the hospital and treated for her cancer. The family was grateful to the Missionary for bringing the doctors to their home and telling them the truth of her condition, so they started attending church and both man and wife were saved.

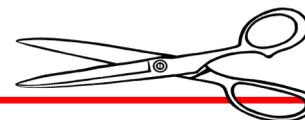

If there is anything I’ve learned through the years, it’s that **prayer makes all the difference**. The Mercy Project does not operate by the power of marketing, nor is moved forward by earthly wisdom or a can do spirit. We go forward in the **power of prayer** and every time you pray for us it makes the difference. Please covet with me to pray for every endeavor we undertake this year. *Read our newsletters, *visit our Facebook page, *visit the website often to keep up with our day to day activities. That way you can pray specifically and see God answer miraculously. In 2020, would you please be our prayer partner?

Awaiting His Return,
Gary S. Moore
